

## Where did your Garden Grow? or Around the World in 80 Plants

Date 21<sup>st</sup> April 2021 Doors Open@ 7pm for a start time of 7:15pm

The evening will be hosted by Nigel Cox, Senior Horticulture Lecturer, and we are also delighted to be joined by guest speaker, Christine Skelmersdale. Christine is the owner of Broadleigh Gardens, a nursery specialising in unusual and S. African bulbs and she is also a well-known lecturer.

As Christine says, "we have the best gardens but very few of our plants originate in this country so just where do your favourite garden plants come from? Christine will delight us with her knowledge and show some stunning photos of familiar plants in their native habitat.

The British Red Cross event will be held on Zoom.

The event is free although a donation would be very much appreciated if you are able to make one.
